EasyFr8 User Portal – Phase 1 Feature Specification

The **User Portal** in Phase 1 serves as the central hub for registered shippers to manage their account details, upload required documentation, submit shipment enquiries, and track responses from the EasyFr8 administrative team. Below is an elaborated overview of each feature module included in Phase 1:

---

1. Account Authentication & Access Control

- **Email & Password Registration:** Shippers can create an account using a valid email address and secure password.
- **Authentication & Login:** Secure login mechanism allowing registered shippers to access their dedicated workspace.
- **Verification:** Support for basic email confirmation or One-Time Password (OTP) verification to ensure account validity.

---

2. User Dashboard

- **Summary Overview & Statistics:** A personalised welcome section displaying operational metrics, such as the total number of enquiries submitted and pending actions.
- **Quick Action Links:** Direct navigation shortcuts to upload key documents, check enquiry status, or submit new quote requests.

---

3. Document Management & Compliance

- **KYC Documentation Upload:** Secure upload portal for regulatory and identity documents, including PAN and GST certificates.
- **Shipping Documentation Upload:** Ability to upload logistics-related files, such as Commercial Invoices, Bills of Lading (BL), and packing lists.
- **Document Status Tracking:** Clear visibility into the review status of submitted documents (e.g., *Pending*, *Approved*, or *Rejected*).

---

4. Enquiry Tracker & Communication

- **Enquiry Lifecycle Overview:** Interface listing all historical and active enquiries, complete with real-time status indicators (*Received*, *In Progress*, *Responded*).
- **Admin Messaging & Responses:** Access to administrator responses, notes, and detailed updates regarding specific enquiries.

- **Quotation Downloads:** Option to view and download official PDF quotation documents or pricing responses issued by the admin team.

---

5. Profile & Credential Management

- **Company Information:** Options to view and update business profile information, including Company Name, Primary Contact Person, Office Address, Email Address, and Phone Number.
- **Branding:** Feature to upload and update the company logo for personalised document and profile display.
- **Security & Credentials:** Tools for changing the account password or initiating a credential reset process.
